In an effort to limit paper consumption and host a 'green' forum all presentations, BMP reports, process explanations and references will be posted online in January 2009 after the Water Quality Steering Committee. The url for this information is:

www.chesapeakebay.net/tribtools.htm

Look under the Best Management Practice tab for all documents.

All year one BMP reports are posted on a temporary site at:

http://www.mawaterquality.org/bmp_reports.htm

If you need to view a year two BMP report prior to January 2009 you can contact Sally Bradley at sbradley@chesapeakebay.net or Sara Parr at sparr@chesapeakebay.net.
