

ENDOCRINE DISRUPTORS: THE ABCS OF EDCS

A Regional Forum for the Mid-Atlantic
March 13, 2007
Hood College, Whitaker Campus Center
Frederick, MD

For directions, visit Hood's website @ <http://www.hood.edu/welcome/visit.cfm>.

9:00 Registration

9:30 Welcome and Opening Remarks *Dr. Robert Funk, Provost, Hood College*

A BIG PICTURE LOOK AT ENDOCRINE DISRUPTING CHEMICALS

9:40 The What, Where, How, When, and Why of EDCs *Ed Orlando, Florida Atlantic University*

10:20 EDC Effects on Humans *Maricel Maffini, Tufts University*

10:50 EDC Effects on Different Organisms *Mary Ann Ottinger, University of Maryland*

ENDOCRINE DISRUPTING CHEMICALS IN MID-ATLANTIC WATERS

11:20 EDCs in the Mid-Atlantic *Lance Yonkos, Wye Research Institute*

11:40 Altered Behavior and Physiology in Male Fathead Minnows *Andy Kane and Jim Salierno, University of Maryland*

12:00 LUNCH (provided)

VECTORS FOR TRANSMITTING ENDOCRINE DISRUPTING CHEMICALS

1:00 EDCs in the Wastewater Stream *Beverley Stinson, Metcalf & Eddy*

1:20 EDCs and Agriculture *Nancy Shappell, U.S. Department of Agriculture*

SOLUTIONS TO ENDOCRINE DISRUPTION

1:40 Solutions for Reducing EDC Releases *Rolf Halden, Johns Hopkins University*

2:10 Current and Future Research at EPA *Elaine Francis, Environmental Protection Agency*

2:40 BREAK (snacks provided)

2:50 Closing Panel

3:30 Adjourn
